| • Java | • Python |
| • HTML | • Hedera |
| • JavaScript | • C Basics |
| • CSS | • C++ Basics |

PERSONAL PROJECT

Teamed up with people around the world at MLH for web3 development, we built Block Broker—a decentralized marketplace for freelancers and clients. Using smart contracts, ensures secure, transparent transactions, fostering trust, fair compensation, and quality work. Block Broker redefines work with decentralization, transparency, and efficiency.

VOLUNTEER EXPERIENCE

Aadhya Foundation

New Delhi,India

Intern

May 2022 - August 2022

Coordinated events to help underprivileged communities, and hosted programs in police stations to spread legal awareness in society. I visited several senior homes and orphanage centers. These experiences have aided development in my perspective and the community too.
